## Crusade Begins Drive, Details Organization are Explained Here

The 1954 East Bay United Crusade is now underway in 57 cities and communities in Contra Costa and Alameda Counties seeking a goal of \$3,856,236 for its 108 member health and welfare agencies.

And while the emphasis in the initial part of the drive is on a "give where you work" program the residential drive in the Diablo Valley Area will begin October 18.

**FUNDS GIVEN BY** residents of this area at their place of employment, if it is in Oakland, Berkeley or any other of the East Bay United Crusade Communities, will be lumped into the overall fund from which local agencies draw.

However, the money given at place of employment by local residents who work in other areas, such as Richmond, San Francisco, will not be returned to benefit local agencies.

That is, if money is given to San Francisco, Richmond or Marin County United Crusades, it will not benefit local charities, as there are no general reciprocity agreements.

And while the crusade includes a great number of the agencies which serve this area, there are also numerous agencies not linked to the crusade.

**CRUSADE OFFICIALS** have repeatedly emphasized the almost \$4 million goal of the drive does not represent an arbitrary figure, but rather the total of the needs of the agencies involved.

Local agencies submit their budgets to a local board which checks and then approves them. The budgets are then forwarded to the crusade's Admission and Allocations board for a second screening. The budgets are then totaled to obtain the goal figure.

After collections are completed, the amount is compared to the goal before distribution. If the drive has netted the goal, each agency gets the budget requested.

**IF, HOWEVER,** the campaign falls short, each agency would receive the percentage of its budget that the total drive made of its goal.

That is, if the crusade were to obtain 90 per cent of the funds it sought, then each agency would receive 90 per cent of its budget.

The East Bay United Crusade includes Oakland, Alameda, Berkeley, southern Alameda County with the exception of Livermore, the Diablo Valley area, greater Concord and Martinez.

Communities in the Diablo Valley area include Orinda, Lafayette, Walnut Creek, Pleasant Hill and the San Ramon Valley.

**THE GOAL TO BE** raised here is \$466,000 while local agencies would gain \$68,000 if the total goal is reached.

Last year, the drive collected \$17,000 here while about \$34,000 was returned for agencies in this area.

An increased budget for this area is due to two factors, the increased need due to growth and the inclusion of Girl Scouts, which conducted a separate drive last year.

Local agencies that would benefit from the crusade are Boy Scouts, Girl Scouts, Camp Fire Girls, Young Men's Christian Association, Shadelands School for Cerebral Palsied Children and United Service Organization.

White Cane Society, Children's Home Society, the learn to swim program of Mt. Diablo Unified School District and services to this area from Herrick Memorial Hospital and Children's Hospital of the East Bay.

**AMONG THOSE THE** drive does not include here are March of Dimes, Salvation Army, Cerebral Palsy, Red Cross, Mt. Diablo Therapy Center, Heart Association, Cancer Society and Crippled Children's Society.

Crusade officials have explained that some are not included because of national policies against it and others are not suited to the crusade as organizations which seek money for capital outlay or through a series of special drives.

## Utah Co. Moraga Plans to Be Told To Highway Board

Directors of the Diablo Highway Improvement Federation will hear the latest plans of Utah Construction Company for development of its vast Moraga holdings when the federation board meets at 8 p.m. Thursday at the home of Chairman Charles Nelson, 10 Orchard Court, Orinda.

This was announced yesterday by Horace Breed, a federation director, who said that Charles T. Travers, engineer for Utah Construction, will be the guest speaker.

"Travers has stated that he will discuss his firm's plans for the property it purchased some months ago from the Moraga Company," Breed said.

Utah Construction Company officials have stated they plan development of a city with eventual population of about 28,000.

The highway federation board met September 30 at Nelson's home. Discussion of the organization's membership drive highlighted that session.

**REPUBLICANS SET** next meeting of the Orinda Young Republicans will be held next Thursday at 8 p.m. at the home of the Jim Hills at 2 Idyll Court.

The meeting will feature a review of both the voting record and the effectiveness of the present congressmen in the last session of Congress. B. W. Richardson will speak a few words on some of the points concerning the sheriff's race, which have not been presented to this part of the county.

The rest of the evening will be devoted to a combination work night and coffee hour. All interested Republicans are invited to attend with a special request for new residents of the Orinda area to meet with the group.

**EXPECT TO CALL FOR** bids on new Pine Grove School within week

**THE ORINDA SCHOOL** Board hopes to call for bids by next Friday on the construction of the Pine Grove Intermediate School, it was disclosed Monday night during the board's meeting at the Orinda School.

Under present plans, construction on the new school should be ready to commence by December 1 of this year, according to Orinda School Superintendent Joseph L. Sheaff. He said that corrected plans on the school are now to be approved by the state's department of finance, and that the water company has agreed to start road work immediately for access to the school property. Speed of the road project will necessarily determine the beginning of construction, according to Sheaff.

The board also reviewed plans for the Sleepy Hollow School and called a meeting for 8 p.m. Wednesday to discuss suggestions on the plans. All important clubs are asked to send representatives to the meeting. The plans are ready to go to the state's department of architecture for approval, according to the board.

**THE BOARD ALSO** discussed the Berkeley school controversy in which 87 Orinda School District children are termed a financial burden to Berkeley taxpayers. Supt. Sheaff intends to get more details on school finances and the problem in general, and will meet with Supt. Thomas L. Nelson of Berkeley.

Other business at the board meeting included:

1. Discussion of bus transportation and double class sessions. Board assured those present that plans have been made to alleviate crowded conditions.

2. Approval of resolution for 10th anniversary of UN.
3. Election of Mrs. Harriet Shaffer as an additional kindergarten teacher for Del Rey and Sleepy Hollow schools. She teaches one session at each school.

4. Trustees' dinner set for Thursday. All trustees in Alacanes area to discuss common problems. Have invited representatives from Utah Construction Company to discuss progress.

5. Instructed Sheaff to get estimates on installing tank for gasoline to service busses.
6. Reported that Sheaff will attend the Superintendents Conference in Long Beach October 19 through 21. Mrs. Schwarck will attend the Trustees Conference in Long Beach October 22 through 24.

**WEATHER TURNS** Pleasantly Mild

Orinda weather during the week ending Wednesday was comfortably mild, with no outstanding jumps in daily high and low temperatures. Highest mercury reading was the 73 recorded on October 1. A chilly 37 was the week's low, registered on Monday. There was no rain.

Here are the temperatures:

## Town Hall Meet Monday Evening On Incorporation

Incorporation will be discussed at a "Town Hall" meeting at Orinda School auditorium at 8 p.m. Monday — but decision on whether to take steps toward incorporation will not be reached that evening. President Zach Montgomery of the Orinda Association said yesterday.

Urging maximum attendance, Montgomery announced that pros and cons for incorporation will be presented by the association's incorporation study committee.

"These advantages and disadvantages are for consideration by communities generally, as listed by Stanley Scott of the University of California staff," Montgomery explained.

**CHAIRMAN** of the meeting will be Frank Cayting, who heads the incorporation study committee.

Five members of the committee will discuss various aspects of the Orinda incorporation report recently prepared by the Coro Foundation. They are Berton Kohler, John DenDulk, Bill Corbett, Ramsey Underwood and Tevis Thompson.

Following their presentations, the audience will be requested to ask questions from the floor.

**MONTGOMERY STATED** that this procedure was decided at a meeting of the incorporation study committee Tuesday night at Ramsay Underwood's real estate office.

On hand to answer questions will be Ken Morris, head of the research department of Coro, who prepared the report.

Also invited is County Road Commissioner Victor W. Sauer, to answer questions regarding road problems as they might occur for an incorporated Orinda.

**MEMBER DRIVE** Gets Good Start

Today marks the end of the first week of the membership drive of the Orinda Mothers Club.

Mrs. Harry Minor, membership chairman, announces there has been an outstanding response to this drive.

The drive will continue for one week, but if your child and his class are to participate in the prizes given for 100 per cent membership, your membership dollar must be received by the end of school today.

**THE SLEEPY HOLLOW** School and called a meeting for 8 p.m. Wednesday to discuss suggestions on the plans. All important clubs are asked to send representatives to the meeting. The plans are ready to go to the state's department of architecture for approval, according to the board.

# 'Political Pressure' Charged in Zoning

## Commission Asks Retail Business Zone for San Pablo Dam Road Area

The County Planning Commission Wednesday night rescinded its prior action for a Special Business District for the west side of San Pablo Dam Road and decided in favor of rezoning the area from Residential-Agricultural to Retail Business.

At the same time it voted to deny East Bay Municipal Utility District's application for Retail Business rezoning of the Pine Grove.

The hearing on proposed revision of zoning ordinance requirements for Special Business Districts and on the site plan for some 25 acres between the Village and the Crossroads was also marked by Commissioner Joseph D. DeCosta's resumption of an active role in the controversy.

**SOME 20 ORINDANS** were in the audience but did not speak during the hearing. Chairman James Hupp of the Orinda Association's Orinda Planning Committee said yesterday the entire commission action occurred so rapidly that they did not have opportunity to speak.

On motion of Commissioner Arthur Young, the proposed ordinance revision was tabled indefinitely. Seconded by Commissioner Robert S. Elliott, this motion was passed.

County Director of Planning Thomas Heaton then read a statement of the technical staff, to the effect that the staff had been unable to work out a plan for a Special Business District satisfactory to the various parties concerned, and suggesting that the idea of a Special Business District for some 25 acres on the west side of San Pablo Dam Road be dropped.

Following Heaton's statement for his staff, Young moved that the commission rescind all prior actions regarding the controversial Crossroads area.

**AT THAT POINT,** DeCosta stated: "In the East Bay Municipal Utility District matter, when they first made application for rezoning at the Crossroads, I disapproved myself to avert criticism by uninformed or misinformed people — and I say uninformed people because informed people are fully aware of the fact that no employee or officer or member of the Board of Directors of the East Bay Municipal Utility District has any greater financial interest in that property or in any other district-owned property than any other taxpayer who lives within the service area of the utility district."

"Since I say I disqualified myself to avert criticism — but criticism was forthcoming in copious quantities, as many of you are aware now that the property has changed hands and the utility district is a minor owner in this property, I no longer feel bound by my disqualification, and in all future matters that are of countywide interest I intend to take part, as is my responsibility as a commissioner on this commission."

"And with that statement, I second the motion."

The motion to rescind was unanimously CAME a motion by Young, seconded by Commissioner George W. Honegger, for rezoning of the land on the west side of San Pablo Dam Road from Residential-Agricultural to Retail Business. This was seconded by DeCosta and was unanimously adopted by a roll call vote.

**YOUNG THEN MOVED** for denial of the Pine Grove rezoning to Retail Business. Seconded by DeCosta, this motion was also unanimously passed by a roll call vote.

Five of the seven commissioners were present. Those absent were Chairman J. P. Connors and Secretary G. F. McCormick. Honegger acted as chairman.

Associate County Planner George Brenner explained yesterday that the motions for Retail Business rezoning of the San Pablo Dam Road and for denial of Pine Grove rezoning to Retail Business were in the form of instructions to the technical staff to prepare findings.

**BRENNER SAID** the findings may be presented to the commission October 20. After they are signed by the commission, they go to the Board of Supervisors for final action.

There will be no commission meeting next Wednesday, since on that day the annual statewide convention of the County Planning Commissioner's Association will be held in Monterey.

**IN PROPOSING** Retail Business rezoning for the land on the west side of San Pablo Dam Road, Young pointed out that the site plan for a Special Business District, prepared by the technical staff did not provide suitable and diversified businesses for the community and that it is "no longer suitable or justified" for the area to remain Residential-Agricultural.

Among the score of persons from Orinda in the audience were Mr. and Mrs. Hupp, Mr. and Mrs. Mitchell Farrar, Mr. and Mrs. T. D. Sanford, Frank Newman, Paul Pollack and Ernest Fox.

Also present was Francis Violich, consultant for the Orinda Planning Committee, and John B. Reilly of the EBMUD legal staff.

County Planning Consultant James Campbell was not present because he was in Napa County.

## If You Fill 'em, Those Burlaps Aid Blind Person

Residents of Orinda will have an opportunity to turn their old rags, discarded clothing and newspapers into much-needed money which will help the Boy Scouts of Troop 207 pay for the Seeing Eye Dog they are purchasing for a grateful blind person.

Tomorrow the scouts will distribute burlap sacks, along with instructions as to what type of materials are most needed. Newspapers should be tied in bundles, and rags and old clothing can be placed in the sacks.

On Saturday, October 16, the scouts will return to pick up the filled sacks and the bundles of papers, which will then be loaded into large vans at Bridgells' lot in Orinda Village.

Scoutmaster Jerry Cullen says that residents receiving burlap sacks will be asked to urge their neighbors to help make the drive successful by filling all available sacks.

## Chamber Seeks Representation in Orinda Assn.

**THE ORINDA CHAMBER** of Commerce is seeking representation on the Orinda Association board of directors — a move approved Tuesday during the chamber's regular luncheon meeting at the Willows.

Clarence Betz will request the association to consider chamber members as nominees when four new directors are elected in November.

Chamber directors feel that representation in the association will afford them a more effective voice in deciding Orinda's future development.

The group's decision came after a discussion of the rezoning utility problem on the west side of San Pablo Dam Road.

**IN OTHER BUSINESS,** the chamber:

1. Endorsed Proposition Five, which will be on the November election ballot, and will provide tax exemption for vessels calling at California ports.

2. Heard a report from Ramsay Underwood that the proposed relocation of San Pablo Dam Road behind Orinda Village remains in the investigative stage. Estimates are being made and County Road Commissioner Victor Sauer expects to complete his study this winter, Underwood said.

3. Were urged by President Ernest Poll to attend the Orinda Association's town meeting on incorporation at 8 p.m. Monday in Orinda School.

## Light to Head Baldwin Group

In accepting the chairmanship of the John Baldwin for Congress committee in Orinda, Dr. R. G. Light, 22 Lavina Court, today termed Baldwin, "one of the most conscientious and able men in political life."

Dr. Light, a graduate of the University of California with a B.S. and D.D.S. degree, and resident of the Orinda area for eight years, added: "I hope that every voter in the Sixth Congressional District will compare the backgrounds of the incumbent and John Baldwin. We need Baldwin for effective representation in Congress. He has a record of highest achievement both in private life and in his Army career. He enlisted as a private in 1941 and returned from Italy a lieutenant colonel in 1946. During part of that period he handled top secret communications for the War Department."

Fearey died June 2. He left the balance of his estate to various relatives.

## Association Asked to National Confab

Through its many activities on behalf of this community, the Orinda Association has received national recognition from the National Municipal League.

Association President Zach Montgomery reported yesterday that he recently received a letter from John E. Bebout, assistant director of the league, inviting him to participate in a panel session on "Organized Citizens at Work" at the league's annual conference in Kansas City, Mo., November 7-10.

Montgomery said he had been informed several weeks ago by a league representative who was in the Bay Area that the National Municipal League has been impressed by the Orinda Association's work on planning and zoning.

Bebout's letter stated that Clint Kanaga, chairman of the Citizens Association of Kansas City, will conduct the panel discussion.

"The plan is to have a panel of persons representative of a number of different kinds of local organizations and campaign experience, drawn from different parts of the country," Bebout wrote.

"We are very anxious to enroll you as a member of this panel and to have your quick suggestions regarding topics you would like to have on the agenda."

## Hupp Blasts 'Dilly-Dallying' in Planning New Business District

"Political pressure" was blamed yesterday by Chairman James Hupp of the Orinda Planning Committee for failure to plan a satisfactory Special Business District on the west side of San Pablo Dam Road and for the resultant move of the County Planning Commission rezoning the area "Retail Business."

"It's obvious that there has been political pressure on the technical staff of the County Planning Commission," Hupp said.

**HUPP STATED** that at the commission hearing Wednesday night, Supervisor H. L. Cummings was seated in the audience with Virginia Snow, wife of John Snow.

"Mr. and Mrs. Snow are owners of one of the parcels recently purchased from East Bay Municipal Utility District, along the west side of San Pablo Dam Road," Hupp said. "And it is not Cummings' custom to attend Planning Commission meetings."

"Besides that, Commissioner Arthur Young, a Cummings appointee, proceeded to help steamroller the Retail Business rezoning through."

"It's obvious that the stage was set beforehand. The cards have just been stacked against us from the beginning."

Hupp said he did not know what the next step of his committee would be, although he stated that the possibility of seeking legal advice was being considered.

"After the decision on Retail Business for the San Pablo Dam Road area was made, Young made the remark that the commission had done the best it could," Hupp continued.

"My feeling is that they have not done the right thing by the community. They have failed to do anything for the community on this problem. They have dragged their feet and postponed action."

**"IF THEY HAD GONE** ahead several months ago, as suggested by the Orinda Planning Committee, they could have done a good job."

Instead, they dilly-dallied until various parcels of the property were sold."

**AT A CONFERENCE** in Martinez Wednesday morning with the County planning staff, which he attended with Francis Violich, consultant to the Orinda Planning Committee, Hupp suggested that the staff inform the commission it could not work out a satisfactory Special Business District and request the commission to have the property owners, as a group, draw up a site plan and submit it to the technical staff, "as is done in other communities."

"The site plan that was prepared," Hupp declared, "was nothing but retail Business under an assumed name. So, actually, Retail Business classification would be no worse, in most respects, than that map."

"But the map should not have been."

## Lease Signed For Lucky Store

Donald Breed, vice-president of Broadmoor Improvement Company, and his brother, Horace Breed of Orinda, secretary of the firm, announced yesterday that a lease has been signed with "Lucky Store, Inc." for a new store of the food market chain, to be erected on Moraga Highway across from Black's Market.

The two brothers signed the lease for Broadmoor.

"The architect must not complete the working drawings," Horace Breed said.

"Parking arrangements are covered in the lease, the Broadmoor secretary pointed out.

"The Orinda Chamber of Commerce has a lease from Pacific Gas and Electric Company for a long, narrow 'sliver' of land, for parking purposes," he explained. "This adjoins what will be the Lucky parking lot."

"Agreement has been reached whereby both parking areas can be used by the general public and Lucky Store customers, with provision that all parking will be limited to one hour."

## Scout Aids Man Injured in Crash

Jon Tibbets, 15, gave credit to his Boy Scout training for the quick first aid he rendered to Donald J. Hutchinson of Alameda when their cars collided at the intersection of Camino Pablo and Canyon Road recently.

Jon, son of Mr. and Mrs. D. R. Tibbets, of Camino Pablo, Moraga, was driving to class at Alacanes High School when the collision occurred. Hutchinson suffered a deep gash in his forehead. Jon, through training he received in the scouts, stopped the flow of blood.

Jon is an Eagle Scout and a member of Troop 200.

## Top Barbershop Harmony At Acalanes Tomorrow Night

The best in barbershop harmony will come to Central Contra Costa tomorrow night when the Walnut Creek Elks Club, Lodge 1811, presents "A Night of Harmony" at Acalanes High School.

Scheduled to start at 8 p. m. in the school auditorium, the program will feature top-notch barbershop quartets from throughout Northern California.

Special features will include a 50-man barbershop chorus and the Berkeleyans Chapter of Sweet Adelines.

**SPONSORED BY ELKS** and the Society for the Preservation and Encouragement of Barbershop Quartet Singing, the program will benefit the Cerebral Palsy Foundation.

Chairman of the affair is Clyde "Bummy" Bumgarner, who reported today that a sellout is anticipated and urged local residents to get tickets immediately.

He said, "Past experience shows that with only 1140 seats, tickets for the concert should be purchased promptly."

Tickets at \$1.50 each may be pur-

chased at the following stores in Walnut Creek: the Kitty Bar, the Shoe Box, Aiman's Equipment Rental, Maguire's Pharmacy, Diablo Drug Company, Ferrarese's Liquor Store and other cooperating merchants.

Following the regular program there will be an "afterglow," featuring informal singing by quartets in a relaxed atmosphere with refreshments. It will be held at the Walnut Creek Veterans Memorial Hall.

**BUMGARNER WILL ALSO** be master of ceremonies for the program, as well as sing in the local Elks Club quartet which includes Al Nye, Chuck Aiman and Fred Steil, as well.

Bumgarner pointed out that all profits from this program, "the Elks big annual benefit," will be presented to the California Cerebral Palsy Fund.

"We are sure that persons who attend will get the double satisfaction of an evening of good entertainment as well as that of having aided a very worthy cause," Bumgarner said.

## Help Form New Jaycee Group

Consolidation and new membership were discussed at length Monday night at a board meeting of the Mt. Diablo Area Junior Chamber of Commerce.

An extension committee headed by Les Fletcher and Len Wheeler of Pleasant Hill two weeks ago began the formation of the new Mt. Diablo Area Junior Chamber of Commerce. This extension plan provides for a new chapter for the Pleasant Hill area and will allow the two groups to concentrate on Lafayette-Orinda area.

Consolidation is being handled by Ed Emory and Cliff Gant of Lafayette. It is thought that with a decrease in the total area to be covered, a more effective membership could be sustained.

## Rehabilitation Camp for Boys Appears Likely

A rehabilitation camp for boys in the Camp Stoneman stockade appeared very likely this week following a letter to the Board of Supervisors from Lt. Gen. W. G. Wyman, commanding officer of the Sixth Army.

The facility was requested by supervisors August 17 as the result of a long campaign for a camp by a citizens' committee.

Wyman informed supervisors he had ordered Col. Paul D. Berrigan of San Francisco, district engineer for the U. S. Army, to prepare a necessary lease.

However, the general wrote the permission could be granted only on a temporary basis, with the Army reserving the right to reoccupy "in the event military necessity arises."

## 'Martin Luther' To Play in S.F.

"Martin Luther," the widely acclaimed Louis de Rochemont production which astounded the motion picture world with the great success of its "roadshow" presentation last year, will begin its first showing at popular box office prices at the Geary Theater, San Francisco, next Friday. Performances will be continuous daily starting at 1 p. m.

The film, dealing with the 16th Century Reformation leader who defied excommunication and the stake in his demand for religious reform, was presented at advanced admissions during the past year. The picture was produced by Louis de Rochemont Associates, who have the knack of making "provocative pictures" an exciting experience for the man in the street.

## Christian Science

The ever-availability of the healing power of the Christ, Truth, will be brought out at services Sunday at Churches of Christ, Scientist, 1347 Locust Street, Walnut Creek, and 42 Orinda Highway, Orinda.

"Are Sin, Disease and Death Real?" is the subject of the Lesson-Sermon. Selections to be read from the Bible include the account of Christ Jesus' healing of the leper as given in Matthew (8:1-3).

"When he was coming down from the mountain, great multitudes followed him. And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand, and touched him, saying, I will; be thou clean. And immediately his leprosy was cleansed."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (142:31): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

## Double Sessions in Schools Remain Serious, Because Enrollment Is Up

Schools of Central and East Contra Costa County enrolled 5500 more children when school reopened this fall than a year ago, a survey of school districts disclosed today.

Mt. Diablo Unified District accounted for half of the gain, with 2617 new elementary and high school students.

**TOTAL ENROLLMENT** in the county, exclusive of Richmond, rose from 46,113 in September, 1953, to 51,637 when school opened this fall, according to County Superintendent E. O. Wilson.

The districts report 41,764 elementary grade children — a gain of 4407 over last fall, or the equivalent of 140 classrooms — 1315 junior high students and 8558 high school

## Private Party Auto Sales Lot Opens Tomorrow

Tomorrow a novel business opens in Lafayette — the Private Party Auto Sales lot on Mt. Diablo Boulevard at the eastern end of town.

It will cater to the "do it yourself" crowd, inasmuch as it will be a place where buyers and sellers will get together. Sellers will pay a \$5 registration fee.

Owner Gavin High of Lafayette states he has found great demand for such a place, where individuals can buy and sell cars among themselves.

The lot will be open Saturdays and Sundays from 9 to 6.

High expects to turn the management over to a man due from Detroit and to open other locations in the Bay Area.

High has been a resident of the county since 1947 and built his home here several years ago. He lives with his family at 1121 Laurel Drive, Lafayette.

He is a Navy combat veteran of both World War II and the Korean action.

Arntzen of Berkeley, Fellow in the Photographic Society of America. In black and white, there will be about 50 entries from approximately 20 contributors, the show chairman said.

# Go to Church Sunday

## Community

Five services will be held Sunday by the Orinda Community Church in its colonial chapel as follows: 9:30 a.m., adults and youth; 10 a.m., juniors; 11 a.m., the main public worship service; 5:30 p.m., junior high young people, and 6:45 p.m., senior high fellowship.

A full schedule of instruction is maintained at 9:30 a.m. in the six departments of the Sunday church school and a repetition is made at 11 a.m. for children through the third grade.

"How a Church Grows" is the subject to be illustrated from Biblical sources by the minister, Rev. Fred R. Morrow, at the 11 a.m. service. The Chapel Mixed Choir, under the direction of Margaret Popovich, leads the music of the congregation, singing as an anthem, "The Heavens Are Telling" by Haydn.

The church invites any young people of seventh and eighth grade age to participate in its youth fellowship at 5:30 p.m. and high school age young people for the older group at 6:45 p.m.

## Episcopal

Guest speaker at the regular meeting of the Young People's Fellowship will be Joe N. Olvera, a member of the Richmond police force, who will address the group at 7 p.m. Sunday at St. Stephen's Episcopal Church, Orinda, according to the Rev. Charles N. Hill, vicar of the Orinda mission.

Olvera, who has twice become a "wetback" to gather information which would help the Mexican laborer, will talk about the life of the impoverished Mexican who illegally crosses the border of the United States.

His address will be the basis for the October 17 discussion on the "wetback" and his problem, as part of the program of Christian social service in the Young People's Fellowship. This particular discussion will be under the leadership of S. Stanley Humm, one of the sponsors of the youth group.

Sponsors assisting the Rev. Hill in Y.P.F. activities are Mr. and Mrs. S. Stanley Humm, Mr. and Mrs. C. C. Johnson, who serve as general advisors, participate in all programs and worship planning, act as chaperones for social events and help with the refreshments during regular meetings.

Twenty-two members of the Young People's Fellowship attended the semi-annual meeting of the Oakland convocation of the House of Young Churches on Sunday, October 3, at St. Clement's Episcopal Church, thereby making St. Stephen's the best represented church in the entire East Bay area.

Brother Vincent of the Anglican Order of St. Francis delivered the sermon at Evensong, an inspiring plea to answer the call to a religious vocation.

Young people from Orinda who attended the convocation were: Judy Hill, vice president of the convocation; Joyce Markley, Shirley Mattson, Beverly Bishop, Dawn Bottomley, Sandra Bushnell, Sue Markley, Judy Crabtree, Judy Parker, Ann Hightower, Georgianna Watkins, Donna Tunnicliff, Sue Murray, Joey Tuttle, Peter St. Hill, Kenneth Mattson, Gordon Powkes, David Lee, Tom Thurston, Val Geissler, George Harrison and Larry Pilcher.

## Lutheran

"Ten Plain Talks on the Christian Faith" will be given by the pastor, the Rev. Edward R. Andersen, at the Shepherd of the Valley Lutheran Church, 294 Orchard Road, starting Wednesday evening, October 13, at 8 p.m. This course will be open without cost to anyone in the community who is interested in learning the fundamental teachings of the Christian faith.

Here are some facts about this class: (1) Enrolling in this course will not bind anyone in any way. Upon the completion of this series of studies, each person will be at liberty to decide for themselves whether they wish to become church members or not.

(2) These classes are intended primarily for those who have not previously been members of the Lutheran Church but others are also invited to come.

(3) Since this series is planned as a lecture course, no one need be embarrassed with questions.

(4) Tolerance and respect for other religious opinions will be given.

(5) All lessons are based on the teachings of God's word as recorded in the Holy Bible.

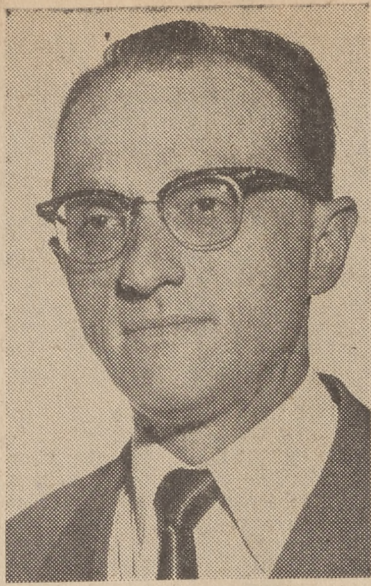

(6) Questions may be submitted.

(7) Visitors are always welcome. This series will start Wednesday evening, October 13, at 8 p.m., and continue for 10 Wednesday evenings, to December 15.

The pastor Edward R. Andersen will speak on the sermon topic, "Pride vs. Humility," at the 8 and 11 a.m. services this Sunday morning. The Sunday School will meet at its regular time 9:30 to 10:30 a.m.

## Adventist

Seventh Day Adventists in this area who will attend the 11 a.m. service Saturday at the SDA Church of Berkeley will hear the Rev. J. J. Robertson preach on the subject, "As I See It."

Mr. Robertson is planning to start a Bible club in the Orinda-Lafayette area in the near future.

## Will Join Rally

PFers will go to the San Lorenzo Community Church Sunday for the East Bay Fall Rally, instead of having a regular meeting at the Orinda Community Church.

The rally will be from 3:30 to 8:45 p.m. The registration fee is 25 cents and an offering will also be taken for the Christian Youth Fruit Camp. Each PF group will be asked to provide enough food for its members at the potluck supper. PFers will be phoned about details.

## Art Center Here Expands Classes

The Orinda Children's Art Center reports that beginning October 16, Saturday morning art classes will be offered to interested children living in Orinda. The series will be open to those in the fourth through eighth grades.

The change of policy resulted from the generous support shown by sponsors of the center during the past five years. Before the change, children were specially selected for the classes by teachers in the Orinda schools. The new set-up will provide instruction for a larger number of children, and thus serve a greater need in the community.

Registration for the classes will be on Monday, October 11, at the Glorietta School from 3 to 5 p.m. As the classes will be limited to 50 parents are urged to register the children promptly. A charge of \$2.50 will be made at the time of registration to cover the cost of materials.

Instructors will be senior students

## Psychologist to Tell Views on Child Discipline

The question, "Is Spanking Out of Date?", has been chosen by Dr. Evelyn Miller Berger, Oakland psychologist, as the title of her lecture on discipline to be given at the first general meeting of the Orinda Nursery School Association to be held Wednesday at 8 p.m. in the Fellowship Hall of the Orinda Community Church.

Regular members, visitors, and all those interested in the controversial matter of punishment and discipline are invited to attend this lecture and discussion which promises to be most helpful and edifying for mothers of pre-school youngsters. Other thought-provoking questions to be raised by the speaker are: Can a parent be too lenient or too strict? What should be done when a child refuses to obey? Will it cripple a child's initiative to forbid free expression of emotion?

Dr. Berger, who is at present director of the Psychological Consultation Center in Oakland, received her A.B. and M.A. degrees from Stanford, and her Ph.D. from Columbia University. Besides studying, teaching, traveling and writing in this country and abroad, Dr. Berger is also known for her KLX radio program "Successful Parents." She has worked extensively in the fields of childhood, adolescence, marriage and family relations, and with adult emotional and neurotic disturbances.

## PATTER ON THE PARTY LINE

By PATRICIA JELTON

Well, what have we all been up to this week, pets? Know what you should have been doing? Celebrating National Newspaper Week, that's what. You kids realize how much life's blood goes into our little offerings each week?

They say about a newspaper, it's like your youth. You never miss it until it's gone. Just shut your eyes and think what it would be like if suddenly it were announced there were no more SUN.

How would the world get around? There's still be the party line, of course, and the tea parties and the cocktail parties. But this type of information lacks authority and responsibility and may be largely relegated to the scuttlebutt-and-rumor department.

Rumor — now there's a word. Many is the mountebank who has climbed to fame chiefly as purveyor of same. Said fame is necessarily short-lived because of that pesty dragnet quality in us all which demands the facts.

So that's what we get newspapers for, chums. Rumor? — they wouldn't touch it with a 10-foot pole.

"All we want is the facts," admonish the editors, and that's all they'll take, too, with the exception of a slight garbling of same by unspecified columnists.

It's a tough job, checking all the diversified happenings in a community like ours without giving in to a little gramorized deviation now and then.

May we pause and pay tribute to the constant vigil and effort of publisher Herman Silverman and editorial staffers Julius Rosenthal, Dick Osborn, Chuck Bosley and Bill Stanton?

## Here's something we know for sure

Well, now let's see. What do we know for sure? For one thing, we know that you're all going to want to be in on the Orinda Branch reservation list for the Loria Baker Valley lectures beginning at 1:30 p.m. Wednesday at the El Nido Rancho in Lafayette.

Once a month Mrs. Valley, lauded as "one of the natural resources of California," will pin-point for us the preceding 30-day trends in world affairs and current literature.

In this busy mid-season whirl of community activity very few of us have time for meditation and evaluation, even if we had time to read the books.

Now for instance, the main topic on February 13 will be a discussion of new trends in our foreign policy, our new attitude toward our allies of the free world, full of hope and very thrilling.

Among the books, "Your Rugged Constitution," by Bruce and Esther Findlay; "How to Understand Propaganda," by Alfred McLung Lee; "A Declaration of Faith," by Herbert Agar; "Within Our Power," by Raymond Fosdick; "American Ways of Life," by George R. Stewart; "The Roosevelt Family of Sagamore Hill," by Herman Hagedorn.

See what we mean? Right now, call Mrs. Ramsay Underwood, CLifford 4-2486, and ask for reservations. Many are gathering for luncheon beforehand.

## Towhee tea-bazaar should be circled

Another very profitable and interesting afternoon which should be circled in red on everyone's calendar is that of November 30, when the Towhee Branch of Mt. Diablo Therapy Center will offer you its annual Exhibit Tea and Bazaar at Diablo Country Club.

Decor will be in the holiday mood, according to the branch's combination decorations chairman and tub-thumper, Mrs. Donald Priewe, and may be purchased for personal utilization after the afternoon's festivities.

As is typical of this type bazaar, great bargains in Christmas commodities may be obtained for a song. For instance, \$2 may purchase a cocktail apron into which the conscientious member has invested two solid weeks of labor plus, say \$12.38 worth of treasure-type materials.

In this same category will be included holiday decorations, felt socks, decorated hurricane lamps, doll clothes, etc.

High point of the afternoon: The judging of some 30 table decorations entered by the various competing philanthropic and community organizations. Judging by you as guests, plus a professional committee consisting of Anne Truax of KLX, Emily Pacini of Party Art and Flower Craft, and, uh, us, your correspondent. Four cash prizes will be awarded.

Tea will be served with a delicious persimmon pudding, also the handiwork of these busy little members. Here, also, value received far exceeding purchase price, which, incidentally, is \$1.50. Tickets may be obtained from Mrs. B. B. Wilder, ticket chairman, YE 4-6453.

Bring out a group of your town friends. They'll love it. General chairman is Mrs. John Athanson; food, Mrs. Ferris Fain; bazaar, Mesdames Alan Scott and Howard Bell; prizes, Mrs. William McGuire.

## Those kids really splashed expertly

Very well produced and efficient piece of business last Saturday was the aquacade staged at the Chauncey Pond and Carl Dailey pool by what seemed to be the entire student body at Vallecito School under the sponsorship of the PTA, trained by Mrs. Robert Brattain, assisted by Mrs. Dale Stoops and Raley Willes.

All of which was coordinated and MC'ed by Mr. Robert Brattain. The talent and achievement of these youngsters is absolutely miraculous. They may not be able to spell, but they can sure swim.

Now, let's see, what's on the agenda? There's a very exciting afternoon at Eleanor and Harvey Lyon's Woodland Lodge Sunday to meet a real, live princess, Mom Kob Kaew Abhakara, Princess Aditya of Thailand.

Golly, what do you say to a princess? Then there's a charming tea party on October 16, when Mrs. Fletcher Brandon Taylor Sr. will present her most personable new daughter-in-law, Mrs. Fletcher Brandon Taylor Jr.

And, if you will forgive an off-beat divergence, "a hot time in the old town" on Wednesday evening, October 20, when the John Baldwin Bandwagon will come to Acalanes Auditorium, headlined by George Murphy, with an all-star Hollywood revue, all for free, courtesy the Lafayette Women's Republican Club.

"How did you ever get George Murphy?" query our gentlemen friends. Well, we just called him up and asked him. That's the wonderful part of being a woman. We wouldn't be anything else for anything.

The alumnae members of the 26 Panhellenic sororities of the East Bay and San Francisco, recently gathered at the Berkeley Women's City Club for their annual fall event.

First the members heard six prominent national officers collaborate in a round table discussion on alumnae membership, with Mr. Samuel C. Shenk, president of Panhellenic, as moderator for the panel.

Guests and friends joined the members at 3 p.m. for the fall tea when the scholarship award was presented to the sorority on the UC campus which showed the greatest improvement in scholarship for the past academic year.

Miss Katherine Towle, dean of women, gave a resume of her first year at the University of California, and her new assistant, Mrs. Betty H. Neely, who is now at the University of California.

Among the honored guests attending the tea were Mrs. Robert G. Sproul, wife of the president of the University of California, and Mrs. Clark Kerr, wife of the chancellor.

Pouring at the tea were the four past presidents of Panhellenic Alumnae, and the 16 members of the Executive Board were the hostesses. Mrs. Charles Guilbert of Berkeley was general chairman of the fall event, and Mrs. Donald Krotz of Orinda had charge of the tickets.

This year, \$100 scholarship awards were granted to five high schools in the San Francisco district, and have been given to the five high school girl graduates who were highest in scholarship, citizenship and leadership. At Acalanes High School, the awards were given to Berta Krotz of Orinda, who is now enrolled at Stanford University.

## Overseas League Plans Benefit at Claremont Hotel

Plans are completed by the East Bay Unit of the Women's Overseas Service League for its annual benefit to be given in the Claremont Hotel, Berkeley, October 22.

Richard Armour, poet and raconteur, will present one of his witty and inimitable discourses, "Light Armour," which is the title of his new book.

Mrs. Austin Hinshaw of Concord, unit vice-president, and Mrs. Lester Sipes and Aileen Hagerty of Walnut Creek are assisting in the benefit and have tickets for sale.

The soiree will begin at 5:30 p.m., when league members will open their bazaar in the corridor of the Claremont's Salem Room, where they will offer handcraft articles, costume jewelry and ceramics, as well as dolls, books and other articles suitable for gifts.

Proceeds will go to the welfare fund of the league and will be used to aid needy ex-service women.

Champagne will be served from 5:30 to 7:30 p.m. and from 9:30 to 11 p.m., and no-host parties will be made up by league members as well as patrons, says Mrs. Kenneth M. Robinson, unit president and general chairman of the committee.

## Plan Annual Rummage Sale Oct. 18, 19

The Larks, Lafayette unit of the M. Diablo Trolley Center, are enthusiastically preparing for their annual rummage sale to be held October 18 and 19 at St. George's Hall in Oakland. All proceeds go to the Trolley Center.

Members have gathered a huge collection of new and used merchandise donated by friends and by Lafayette and Walnut Creek merchants.

Mrs. Louis Barnum, chairman, says there is every indication this sale will be more successful than the one last year, when a profit of \$1,000 was realized. Mrs. Lynne Stanley and Mrs. Clayton Herman are acting as co-chairman.

## Diablo to Scene Weekend Events

Two important social events will take place in Diablo Country Club over the weekend.

The first party of the season will be held tomorrow night by Diablo Cotillion, preceded by a number of cocktail parties in homes of members.

Among them will be those in the residences of the William McLarsons and the William McGuire of Walnut Creek.

Other dates for cotillion meetings are February 26 and June 4, both to be held at the country club.

And on Sunday, the club's annual award dinner, originally scheduled a week previous, will be held.

All golf trophies won during the year, for both men's and women's tournaments, will be presented.

## Acalanes' Girls Model in Show

The Sub-Deb Fashion Show held Saturday at the Hotel Claremont by the Junior Branch of the Children's Hospital, featured five pretty girls from Acalanes as models. The girls modeling were Marcia Millu, Gail Champion, Barbara Stark, Cathy Greub and Sue Johanson all from the Daphne Branch.

Mrs. Roger Stark entertained the models for luncheon at the Orinda Country Club prior to the show.

This year's fashion show was a record success, according to Mary Matlock, chairman.

Former owners of the El Sereno home were the M. S. Van Buelklee, who have moved to Hawaii.

SENATOR THOMAS KUCHEL was honored at a punch party last week at the home of Mr. and Mrs. James Irwin, 15 Van Tassel Lane, Orinda. Shown with the senator at the affair are, left to right, Mesdames Joseph Creighton of Orinda, Kay McGuire of Lafayette, James Irwin and Don Kientz of Walnut Creek.

## About our happy Country Folks

By EDITH BOLMAN

Breathes there a housewife with soul so dead who never to herself has said, "Just gimme a set of false eyelashes and one of those slinky sequin dresses and I could make Marilyn Monroe look like a mother's helper?"

Or, "If I didn't have to stay home and take care of the kids I could be a great newspaper columnist, say, Delaplane, Pearson or Silverman."

Or, "If I just had the time and opportunity I could read, become well informed and be a charming conversationalist at dinner parties."

Well, ladies, brace yourselves, because the latter is now possible. Since the Orinda housewife is actually an alarm clock gymnast who can cook, wash, sew, iron, garden, chauffeur the children, do scout work, belong to clubs, solicit for all drives, give parties, play bridge, help with the arithmetic, ad infinitum far into the night — there is obviously no time for reading books or studying world affairs.

So Lorita Baker Valley is coming to town Wednesday and all subsequent Wednesdays through March to give her comprehensive and highly successful talks on current affairs and current literature. She even goes to New York in December to see the plays so she can give you the low-down on those, too.

She has been lecturing for many years in Southern California, Oakland and Berkeley and now, bless her heart, she will be at the El Nido in Lafayette at 1:30 p.m. Wednesday, so you can go for lunch first with friends if you want to.

The members of the Orinda Branch of the Children's Hospital of the East Bay were so fascinated with the idea that they changed their meeting day so they could meet at the El Nido in the morning, eat lunch, listen to Mrs. Valley, run home and lord it over hubby and the children with the newly acquired fund of information.

Call Mrs. Ramsey Underwood for tickets at Clifford 4-2486, or call any branch member.

**This isn't a riddle but it's fascinating**

What is it? It is round on the ends and "hi" in the middle, like Ohio. Vaguely reminiscent of an apothecary jar, its gargantuan proportions, Italian mosaic design and uncharacteristic materials have caused many a housewife to drop her bridgework and bundles in open-mouthed astonishment — right there in the vegetable department.

It is worth a trip to see this magnificent confection of olives, cauliflower, onions, carrots (pickles, etcetera, done in a marzipan design with unimaginable skill and/or actual beauty, inside a crystal container.

It is truly the cinemascop of all pickle jars, with "Phair's Orinda Store" done in pimentoes.

Old Orindans seen at the State Golf Tournament by Mrs. Fred Goodwin, which is highly remarkable when you take pause to appreciate the facts and circumstances that Mrs. Goodwin could see anybody. She got a wee smit hind-side-be-forewards on the switch from Daylight Saving and prowled the course at 7 a.m. looking for the 9 o'clock golfers.

Mr. Goodwin likewise turned in a remarkable performance, considering that he was officiating and had a 2-hour jump on everybody.

In due course the differences were adjusted and the proceedings were once more according to Hoyle and/or Old Sol.

Anyway — seen were the Julius Besscos and their four children, two of them post-Orinda; the Charles Nysses, Alva Kramer and Harry Graviota.

**From sunny Spain and icy Greenland . . .**

Home again — Mrs. Wyn Bowron and Mrs. Henry Gentry from — here we go — England, France, Spain, Italy, Switzerland, Germany, Holland, Denmark, Norway, Sweden and Scotland.

Mr. Gentry joined them in Switzerland with his camera slung over his shoulder, but more of that later.

By happenstance they collided with Mrs. Charles Camp and daughter Nancy, once walking down the street in Zurich and once at a reception at the American ambassador's in Paris. The last few countries Mrs. Bowron did alone (with the Eurcal group) because the Gentrys joined son Tom, who is a lieutenant in the Air Force stationed in Paris.

They vacationed together on the French Riviera. The trip home was particularly exciting for Mrs. Bowron because, due to a hurricane, they flew north over Greenland and Iceland and saw the awe-inspiring ice caps, glaciers and icebergs.

In Venice they were quietly drinking tea at St. Mark's Square and discovered they had inadvertently become "props" on the movie set of Kathryn Hepburn's newest picture.

When asked if they would be part of the scenery, they said yes, but they were admonished not to gape at Miss Hepburn as she walked past. They complied, but as the actress passed them she muttered something in Italian, and now they are consumed with curiosity to know what she said.

Several recent returnees — the Harold Martins, who yachted (if you can say motored, why not yachted?) from the Great Lakes around the canal; the Larkes, whose European trip we have already covered; the Gentrys and the Bowrons — were recently assembled by the Clay Sorricks.

Mr. Gentry showed his pictures but kept everybody in stitches as he tried to explain them because he couldn't remember where most of them were taken. To quote him — he didn't know where he was half the time, anyway.

Mrs. Embree Hockenbeamer also lunched and bridged the lady travelers.

**Something fishy about this deer hunt?**

And then there is the story about Major B. F. Syslo, who went deer hunting.

His group camped at the bottom of the mountain, only to discover that the deer had pulled out and gone to the top of the mountain. So they broke up camp and started climbing.

At the top, the hunters thereabouts told them the deer had had enough of the top and had returned to the bottom. So back down they went, and hunted and hunted, only to catch nothing whatsoever, and then discovered that the boys up above had each caught the limit.

Now who was fooling whom on that escapade?

Local color: It seems quite acceptable for Life magazine and various newspapers to write stories about ducks and chickens stopping traffic in downtown streets.

Not to be outdone, our local lake dwellers, mainly white Peking ducks with a few mallards thrown in — have discovered that the lake is getting low and muddy and that Camino Sobrante is an alluring lane for strolling.

Horns honk, brakes screech and tires howl as unsuspecting motorists suddenly come upon — not jaguars or MG's — but something slightly smaller and making far more noise — a covey of approximately one dozen possible duck dinners calmly waddling down the road.

To our knowledge there has been only one casualty, which speaks well for the Orinda driver.

That is all.

## Hospital Group Of Women Meets

Nearly 50 women who intend to serve as volunteer workers at Children's Hospital of the East Bay met last week at the hospital, to become acquainted with one another and to learn about the hospital.

The meeting was planned by Mrs. Harvey Lyon of Orinda, chairman of volunteers and a member of the hospital board. She welcomed the workers.

The group was addressed by Harold T. Norman, hospital administrator, who pointed out that in a recent year volunteers have given as many as 5000 hours of work to the hospital.

**Bridge Section Plans Meetings**

## Orinda Here and There . . .

By ORINDA MOTHERS CLUB

It's a new experience for Juanita and Vince Murphy to wake up to beautiful sunshine in the morning. Born and reared in Berkeley, they finally made the move to Orinda this summer to a lovely Spanish home on El Patio. And any friend from Berkeley who thinks they might miss the view will be dead wrong, for in the place of the fog over the bay, they have a gorgeous view of the golf course, the San Pablo Dam and the fog hovering on top of the Berkeley hills!

**THE NEW MULTI-PURPOSE** room at the Glorietta School has been opened for use this week. It is in a beautiful, extremely functional building with lovely colors, durable materials, excellent lighting and a very well thought out plan.

The multi-purpose room which is a combination auditorium, lunch room, gymnasium is the main part of the building. However, there is also a large sized teachers room, a fully equipped stainless steel kitchen, an adjacent storage room, dressing room facilities and a room for special services. This latter room is the headquarters for Mrs. Claire Winder, school nurse; Mrs. George Cooper, speech; Miss Sarah Sabelman, vocal music; Mrs. Alice Frederick, librarian; Mr. Meeder, instrumental music.

Every inch of space has been conserved in the main room where the school is held. Benches, each to open to 14 feet, and benches stored in the walls. The stage is likewise made to fold back, telescope style, into a much smaller area than it would normally require.

Anderson, the principal of the Glorietta School, extends an invitation that all those interested come and see this wonderful addition.

**TO HONOR A FORMER** school friend who has moved to Orinda during the summer, Mrs. Rees Paine of 8 Owl Hill Road entertained recently. Friends were invited to a lovely tea to meet Mrs. M. L. Hall. The tea table was prettily set in shades of blue, pink and wine.

Mr. and Mrs. Hall live at 17 Camino Encinas.

Carolyn Archer, the daughter of the Spencer F. Archers of Sally Ann Road, Orinda, recently entertained her friends at a dinner and dancing party. Those invited were all former classmates from the sixth grade at Glorietta School from which Carolyn graduated last June.

Her guests were Margie Williams, Lonnie Anderson, Gerrie Olsen, Marty De Maeyer, Jerilyn Ganiats, Judith Nicolaysen, Sue Tharp, Carleen Rogers, David Dail, Bill McGuire, Stephen Unneveher, Mario Guarneri, Milton Howe, Don Minor, David Rhoda, Alan Dahlstrand, George Kimball and Joe Cayting.

**FOR TWO CONSECUTIVE** weeks Mrs. Robert Bowles of 109 Orchard Road has had a swimming party to plan. The second party was for Rob while the earlier party had been for Ricki. The guests enjoyed the swimming and water contests in the Bowles' lovely new pool. Refreshments were served after the swim.

Those invited by Rob were Jack Stevens, Robert Wilson, Tom Hieser, Doug Silva, Richard Lyman, Joe Cayting, Robert Adams, Ricki and Bob Walling, Dick Allen, Tom Gaffney, Steve Hicks, Harold Lauby, David and Kip Nelson, Chuck Rotzafel, Marty Mieger, Richard Babcock, Allan Breed, Tony Hudson, Mark Lawrence, Peter Ginsberg, Steve Williams, Bill Hilger, Bill Brailsford, Fred Honnold, Rob McLeod, Clyde MacDonald, Bill Powell, Jo Cozzo and Doug Hudson.

Orinda's Ted Schilling had the surprise of his life last Friday night when he walked into his living room to find 25 of his friends assembled for a surprise birthday party. From the look on his face the party was a truly well kept secret.

Those helping Ted celebrate were Messrs. and Mesdames Verne Axelsson, William Courtwright, Phillip Champion, Coleman Huntley, Robert Erickson, Clifford Vargas, Carl Hansen, Maynard Gage, C. R. Pitt, C. T. Lehmkuhl and Mrs. C. Ron Anderson.

**TWO ORINDA COUPLES** have just returned from a week's stay at Las Vegas. With their children back in school the Douglas Adies of 16 Beatrice Road and the Don Williams of 2 Park Way Court, vacationed together at the Sahara. We haven't heard whether they are now eating beans or steak.

Mr. and Mrs. Robert Pridemore of 1 Rustic Way have had as their house guests Mr. and Mrs. Joe Rollin Crawford and their 5 months old daughter of Bombay, India. Mrs. Crawford, who was born and raised in Paris, met Mr. Crawford in India where they later married. Mrs. Crawford speaks four different languages and has been a very entertaining guest at the Pridemore home.

Mr. and Mrs. William Thurston of Mariposa Lane have been having a wonderful experience. Bill's brother, Joe and his wife who have lived for the past eight years at Bonn on the Rhine River in Germany have been spending part of their vacation visiting here.

Jean reports that while they enjoyed trips to Yosemite and San Francisco, entertaining them was very simple—their chief delights being visits to our grocery stores. Fruits and vegetables and particularly sea foods that we take for granted are a rare delicacy in Bonn.

## Fluoridation, Ballot Propositions, Other Items Discussed at District PTA Meet

Approval of fluoridation of water, support for Propositions 2 and 3 in the November election and workshop methods on school education program highlighted the first regular meeting of the 32nd District, California Congress of Parents and Teachers, Inc. in Lafayette September 27.

With more than 1,300,000 parent-teacher members in California, Gov. Goodwin J. Knight has proclaimed this week as Membership Week, according to Dr. Drummond J. McCunn, men's membership chairman for the state congress.

**"ACTUALLY, TOO FEW** people realize," he said, "each community must determine for itself the kind of public schools it wishes. Membership plus participation means 'Progress through Action.'"

"How Administration, Parents and Teachers Can Work Together for Benefit of All Children" and "How Important Is It to Teach Our Young People to Get Along Together," were two topics under discussion by Mrs. C. H. Culbertson, state director of education and Mrs. W. T. Harder, state school education chairman for the California congress.

John Andes, consultant on school education program for the 32nd District, serving as moderator, said: "With 20,000 different occupations in the state of California, no wonder it is confusing to our young people."

**"WITH EXPANSION** of the high-school program and evaluation of needs of youth today, it is hoped that between administrators, parents and teachers the drop-outs in school, especially between grades 10 and 12, will decrease."

Dr. W. S. Cluff, legislation chairman, explained the importance of a 'yes' vote on Proposition 2, the school bond issue providing for funds to continue the building program, also on Proposition 3, alcoholic beverage control. A 'yes' stand has been taken by the California Congress of Parents and Teachers.

In reporting on a recent Board of Managers meeting, Mrs. Andrew Gianotti, president, said, "All district leaders are asked to present findings and recommendations as submitted by the state CCPT (to their membership) and develop a program of action incorporating suggestions as they fit each district regarding juvenile protection and legislation, taking into consideration the various jurisdictions involved."

**"OUR EFFORTS WILL** now be united in Contra Costa County — our object, working toward child welfare. We in the 32nd District are not opposed to comic books," she continued, "but do not approve of the obscene literature and horror books now being published."

A juvenile protection workshop has been planned for October 25 in Martinez.

Chairmen featured at the September 27 meet included Mrs. J. D. Myers, membership; Mrs. Ray Walters, magazine, and Mrs. Lawrence Ulrich, school education.

Dr. Yoshiye Togasaki, assistant health officer, Contra Costa County, and B. O. Wilson, county superintendent of schools, were among distinguished guests present.

## Women's Group Elects Officers

Eleanor Indridson of American Trust Company was elected president to succeed Jan Bru of Contra Costa Stationers at a recent meeting of Walnut Creek Business and Professional Women's Club.

Other officers include Hazel Courtney of Hazel's Hats, vice president; Florence Pillsbury of Pillsbury's Stationery, recording secretary, and Doris Crosby of Oak Park School, recording secretary.

Francis Shurtliff of American Trust Company, treasurer; Alda Stoddard of the Walnut Kernel, parliamentarian; and Hazel McCarthy of Reichhold Chevrolet, auditor.

The newly elected officers will be installed at a dinner dance October 19 at Orinda Willows.

## Sandra Pamphilon Now Active AOP

Now an active member of Alpha Omicron Pi is Sandra Pamphilon, daughter of Mr. and Mrs. F. R. Pamphilon of Hilton Court, Walnut Creek.

Initiation ceremonies were held Sunday at the Alpha O House in Berkeley. Sandra has been awarded the "Ruby A." for being the most outstanding pledge in her class.

She graduated from Acalanes High School in June, 1953, where she was active in school affairs and a member of the California Scholarship Federation.

Durig her freshman year at the University of California, she participated in the Linden Branch of Children's Hospital, Pelican and Freshman Council.

## Around Acalanes

**ANOTHER WEEK** of learnin' has been completed at good old Acalanes knowledge center, and as it comes to a close, we look back and see what (besides nothing) has been accomplished recently.

By popular demand two new classes were begun this year. Public Speaking 2 is an advanced speech course for those students who wish to continue on from Public Speaking 1. The other course is A Cappella. This class requires a year of chorus.

The northeastern end of our campus is the scene of much activity as work commences on a music building for the band. It is hoped that the building will be completed by March 15, 1955. Included will be a band room, choral room, individual practice rooms, an office, music library and a storage room.

**THREE NEW FACULTY** members have been added to our teaching staff this year.

Busy trying to pound knowledge into dense little minds are: Miss Mona Scheyer, English teacher; Roger Smith, business math, shorthand and typing; and Mike Hawk, algebra and geometry. We hope these teachers are as happy to be at Acalanes as we are to have them here.

**FLASH: New junior class officers** have at last been elected. Big wigs of this class are: president, Gene Bell; vice-president, Gary Williamson; secretary-treasurer, Joan Whalen; social secretary, Karen Jacobson; and citizenship representative, Next week, among other things, we will tell you the results of the sophomore class elections.

## Orchard Nursery's Open House Will Show African Violets, Chrysanthemums

Local plant enthusiasts will have an unusual opportunity to visit the African violet growing houses of Orchard Nursery at the nursery's Open House Saturday and Sunday. Over 10,000 plants will be on display in over 150 varieties.

These plants are perhaps the most popular of all house plants today. Orchard ships plants of African violets to almost every state of the Union and to foreign countries as well.

Constance Hansen of Lafayette is in charge of the African violet show.

BESIDES THE African Violet Show, the Open House will feature a Chrysanthemum Show.

Interest in chrysanthemums has increased tremendously the past few years. Last year the Mum Society of the East Bay moved its headquarters to Walnut Creek, where it will have its annual show in the Recreation Building November 6 and 7.

Laura Safford of Concord will be on hand at the Orchard Nursery show to answer questions on mums, assisted by members of the Walnut Creek Garden Club.

THE SHOW WILL feature the new early blooming English hybrids along with gorgeous cascades and spiders. There will be hundreds of plants in bloom and many landscaped displays to show them off to good advantage.

Every lady attending will receive a free gift for her garden. There will be many other free gifts given away.

Ernest Wertheim, well known Bay Area landscape architect, will be present to answer landscape problems both days.

ALBERT WILSON, noted television garden commentator and author, will be present Sunday afternoon to answer questions.

A feature of both days' events will be the delightful organ music by Richard Knobel.

John Lawrence, instructor in florist work, will give demonstrations on the making of corsages daily.

## HOME and GARDEN

### Berry Shrubs Now Ready to Plant

Shrubs and trees that provide colorful berries during winter can do wonders in livening up gardens, particularly around the holidays.

Nurseries have a number of these color providers ready for planting now. For instance, you have berries in a wide selection of colors among members of the Barberry family alone.

WILSON BARBERRY has unusual color interest in both berries and foliage. Originally brilliant light green, tips of the branches of this bush turn scarlet in fall and the berry crop is brilliant red.

The Violet-leaved Barberry hails from Burma and has berries of deep blue. Its foliage, too, is interesting, consisting of holly-like leaves with silvery white undersides. It also offers flowers of bright yellow on mahogany-colored stems.

FRANCANTHUS, of course, are an old winter stand-by and are extremely easy to grow.

Laland Firethorn provides unusual golden yellow fruits. Pyracantha yunnanensis has berries of orange to coral that last all winter long. The variety Santa Cruz is a dense bush with large clusters of red berries from October to February.

Other good selections for bright berry color are the Cononeaster bushes Decora and Pannosa, which produce red berries for the winter season.

Please write us news about your family, friends, clubs and interesting events. If you see something important, call at once.

### Your Garden

## Shrubs Provide Greenery, Blossoms—Also Add Personality to Your Garden

By THE GARDENER  
SHRUBS THAT PROVIDE GREENERY, blossoms and varying form patterns can add personality to your garden that will be all its own.

An elegant, somewhat tailored shrub at an entranceway can add a formal note. Tropical shrubs in the corner of a patio command attention. Wil-

low branches beside a wall or shadow patterns cast by unusual leaf forms of shrubbery give eye-catching beauty.

Planted now, shrubs will soon begin to perform any of those special functions you plan for them throughout your yard and garden. If you are planning to set in some shrubbery, you have a vast assortment to choose from.

NANDINA DOMESTICA, says the California Association of Nurserymen, is one of the most useful shrubs for Western gardening. It is often called Heavenly Bamboo or Sacred Bamboo, due to its rather airy structure and cane-like stems.

There is constant color interest provided by this shrub—leaves that are pink and reddish in spring turn light green as they mature, then add purple and bronze tinges in fall, and a crimson shade in winter.

This shrub also displays clusters of small white or pinkish flowers in spring and red berries (if pollinated) in fall. Oblong, the Nandina will grow in sun or shade and is the answer for upright growth in a restricted area.

FOR SHRUBBERY over a wall, excellent choices are Buckwheat and Calceolaphus.

Xylosma fits into this category also. It is a graceful, informal green shrub, hardy and extremely tolerant of soils. It thrives in desert heat but will grow in shade and is sel-

### This Tough Glass Safer for Children

Windows facing children's play yards and other rough-treatment areas have less chance of breakage when glazed with toughened plate glass, says H. Creston Doner, a glass authority.

Tufflex is three to five times stronger than ordinary plate and, when its breaking-point is reached, it does not shatter, but crumbles into small, harmless crystals.

and black berries. A fine low-growing and foreground shrub is Viburnum Davidii, with large, dark green leaves, white flowers and unusual metallic turquoise-blue berries.

Shrubs in their endless variety and functions can add a great deal in form, color attraction and fragrance to any garden or yard if selected wisely and planted with care. Talk over your shrub ideas with your nurseryman and get his suggestions and advice.

### Bulbs Top Fall Planting List

Timely pointers offered by this week's Garden Checklist are:

1. Bulbs are at the top of the planting list. Tulips, daffodils, hyacinths, freesias, Dutch iris, ranunculus and anemones should be planted now.

2. Get rhododendrons, azaleas and camellias ready for winter. Apply a one-quarter inch mulch of oak leaf mold over the rooting area.

3. Watch for those black aphids on chrysanthemums. Your nurseryman will recommend a control.

4. Snails and slugs are on the increase. Bait with slug pellets.

5. Fall lawns should be planted before the rains start.

# Week's 'Player' Is a Don

## Award Goes to Andy Fadelli

A 195-pound center, the bulwark of Acalanes' line, was named "Player of the Week" after last Friday night's prep gridiron contests.

Andy Fadelli, who "really lives to play football," in the words of Coach Erwin Mattson, received the honor. He is the third "Player of the Week" to be named this season by The SUN and Grodins of California.

Now in his third year on the grid squad at Acalanes, Andy is a 17-year-old senior who stands 6 feet tall.

An all-around athlete who plays varsity baseball and basketball in addition to his gridiron activities, Andy is the son of Mr. and Mrs. A. Fadelli who live at 10 Valencia Drive in Orinda.

**HE HAS ATTENDED** Acalanes for the last three years, but as a sophomore he commuted from Berkeley where his father is a cement contractor, so the family has lived in Contra Costa County for just two years.

Optimistic about Acalanes' chances this year, despite last Friday's substantial loss to the Alhambra team, Andy says, "We've got good chances... I think we've got a good team."

Although he picks Pittsburg to take the title this year in the Diablo Valley League, Andy believes that second place will be a close duel between Acalanes and Mt. Diablo.

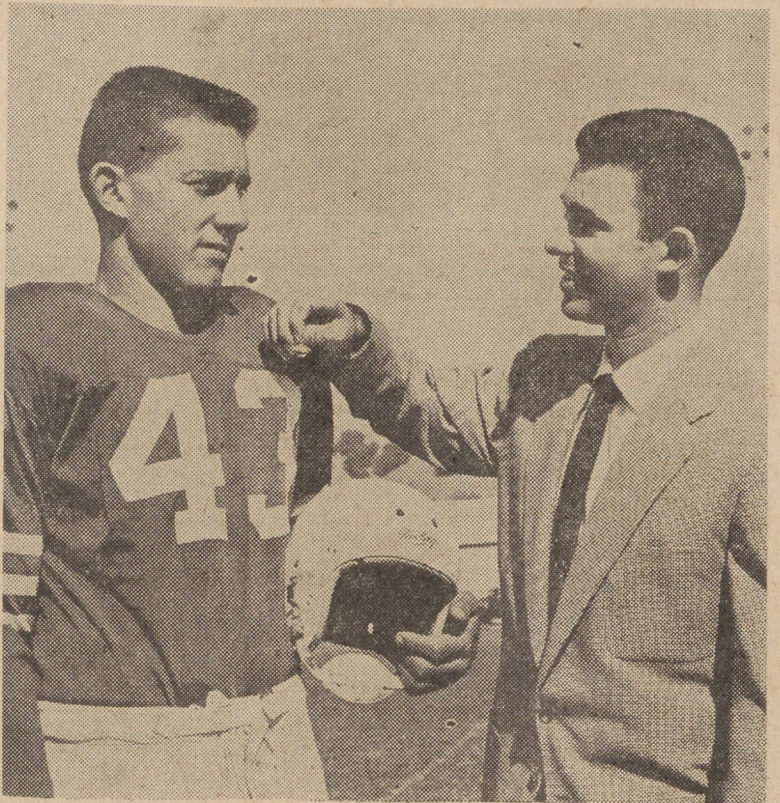

Tonight the Dons face Diablo. About the game, he says, "We weren't too ready last week, but we'll be ready tonight, I think." He adds, "Diablo isn't as good as they have been."

**ANDY LIKES** playing center, as his tough play indicates, but he'd be willing to take a crack at fullback if the opportunity offered itself.

He may well have the chance some time, as he intends to go out for football in college.

Asked what college he would like to attend, Andy says, "East Contra Costa Junior College, then UCLA or elsewhere... maybe Stanford." He has engineering in mind as a profession, but isn't positive as yet.

In his other high school athletics,

PLAYER OF THE WEEK ANDY FADELLI is here presented with a gold football by Don Ferrarese, former Acalanes star in football as well as baseball, and now ace left hander with the Oakland Oaks. Fadelli, a center with the Acalanes Dons, was selected for an outstanding performance last Friday night.

— SUN Photo by Mattson

Andy played varsity guard on the basketball team last year, and was varsity catcher on the baseball squad for about half the season last year.

**ANDY WAS BORN** in Berkeley and went through grammar school there. He has a brother, Ronald, 16, and two sisters, Norma, 20, and Anna Jean, 8.

Andy himself already knows that playing all-out football may mean injury. He tore a cartilage in his leg as a sophomore and was forced to drop out for half of the season.

**BUT THE EXPERIENCE** didn't dampen his spirit or his willingness to play what is probably the most

bruising position on the football squad.

Because of his height and weight, but also because of his business-like approach to the game, Andy Fadelli is the kind of football player that Coach Mattson considers first rate.

He was selected from among players nominated by the coaches of the schools participating in the "Player of the Week" contest... Acalanes, Las Lomas, Pleasant Hill, Mt. Diablo and San Ramon.

Andy has been presented with a gold football pin by The SUN and Grodins of California. At the awards banquet at the end of the season he will receive a formal tribute.

## Knights Defeat Cougars, 13-12, In Grid Thriller

Playing a fine brand of ball, the Las Lomas Knights pulled an upset last Friday night under the lights of Acalanes Memorial Field when they upset Albany's apocryph by a 13-12 score.

The charges of Coach George DeKlotz entered the game as under dogs as Albany's eleven had carved out two wins in their first two outings.

The Knights came out fast in the opening quarter as they put 13 points on the scoreboard, which proved to be just enough for the win.

**RICK OSTROM**, scintillating half-back of the Knights, set things up when he recovered a fumble on the Albany 40. The Knights, driving hard, worked downfield to Albany's 5, and Ostrom plowed over for the score.

The conversion try missed, and it was 14-0.

Albany took the ensuing kickoff but was held for downs and when the Knights took over they proceeded to go on another march, culminated by Bob King's T. D. run from 12 yards out.

Ostrom then brought home the bacon as he scored the conversion on a run for all-important point No. 13.

**THE CLUBS BATTLED** back and forth, with neither able to score in the remainder of the first half, and Las Lomas left the field in a happy state of mind — out in front 13-0.

The second half consisted of a rally by Albany. The Cougars scored with Halfback Jim "Bull" McKinney running around end from 20 yards out.

The conversion try failed. Albany really put the pressure on when they rushed and passed their way to the Las Lomas 3 and Fullback Bob Parrino went up the middle to tally.

**THE FANS** were on their feet when Albany tried a conversion pass, only to have Bob King rise up and bat it down, to clinch the win for the Walnut Creek eleven.

The game was a thriller all the way and proved that the Knights have come of age in their first year of varsity competition.

They now boast a record of two wins as against one loss.

## Dog Training Class Starts Wednesday

With new instructors in charge, the new novice obedience dog training class of the Mt. Diablo Dog Training Club, Inc., will start at 7 p.m. Wednesday in the Walnut Creek Recreation Center.

Fee for the 8-week course, sponsored jointly by the local club and the Walnut Creek Recreation Commission, is \$2, and registration will be at the opening class, according to Carl Hatfield, club president.

A course for those who have already been through earlier classes will start at 8 p.m. Wednesday. Equipment required for dogs to be trained includes a chain collar and leather leash, Hatfield said. Dogs should be over six months old for best results.

The club elected new officers at its annual meeting held at the home of Mr. and Mrs. Chris Indrison in Pleasant Hill. Others on the board include Mrs. Alfred Peters of Concord, vice president; Mrs. Alicia Douglas of Danville, secretary; Mrs. Ray Grassi of Orinda, treasurer; and Alfred Peters, Mrs. Joseph H. Clark Jr. of Martinez and Mrs. Albert Wahl of Lafayette, directors at large.

## Burke Undergoes Knee Operation

Don Burke, owner of The Corral in Lafayette and linebacker for the San Francisco 49ers, underwent surgery Tuesday morning at Palo Alto Hospital for an injured left knee.

Burke received the injury in the recent 49er game against the Los Angeles Rams. The Lafayette man's injury is considered a serious setback for the team, according to newspaper reports, and may seriously affect his career as a defensive player.

## Cinerama Discussed By Scout Leaders

G. H. Learned Jr., president of Contra Costa District, Mrs. Leonard H. Ford, president of Diablo Valley, and Merry Kyle, executive director of Diablo Valley area, were luncheon guests of Cinerama with other Girl Scout executives at Hotel St. Francis in San Francisco recently.

The luncheon, with Mrs. Mary Baxter, assistant director of the San Francisco district, as hostess, was held to plan forthcoming special showings of "This Is Cinerama" for Girl Scouts at the Orpheum Theater.

Please write us news about your family, friends, clubs and interesting events. If you see something important, call at once.

## Observer Wings Awarded to 12

Twelve Lafayette Ground Observer Corps volunteers from this area were awarded their wings and certificates signifying completion of training recently at the 941st Air Reserve Training Squadron headquarters in Walnut Creek.

They were: Dorothy Ballachey, Al Berney, Bernice Jones, Isabelle Salisbury, William C. Curtis, Bob W. Dodd, Byron, Esther and Janice Foreman, Roger Rose and Bert and Steve Hawes.

Lt. George Wright and Mrs. Isabelle Salisbury, post supervisor, made the presentations.

Awards preceded a talk given by Lt. Wright on observing and reporting aircraft.

Mrs. Barbara Sturgeon from the Civil Defense Office in Martinez also gave a brief report on civilian defense work in general in Contra Costa County.

## PTA to Discuss Juvenile Delinquency

The 32nd District California Congress of Parents and Teachers is planning a juvenile delinquency control workshop.

In preparation for it, an orientation meeting will be held at the Alhambra Union High School auditorium on Martinez October 25 from 10 a.m. to 12:30 p.m.

Mrs. H. F. Neller of Lafayette, juvenile protection chairman for the district PTA, announces the following speakers:

John A. Davis, county probation officer, on juvenile delinquency in Contra Costa County from the point of view of his department.

A. E. Bernes of the Richmond School Department, on the problem from the school guidance and welfare angle.

Sergeant Delmer Priest of the Juvenile Detail, Richmond Police Department, on the problem of

juvenile delinquency from the police standpoint.

James M. York of the California Youth Authority delinquency prevention services, summary.

A discussion period will follow.

## Diablo Valley Prep Gridiron Teams Swing into League Play This Evening

League play in the Diablo Valley League gets under way tonight when all clubs swing into action.

Pre-season favorites to cop the pennant are the Pittsburg Pirates, while Mt. Diablo's Red Devils rate not far behind.

The race for third place appears to be a wide open affair among Antioch, Las Lomas and Acalanes.

Pleasant Hill appears not to be ready for league play and will have its hands full.

**SURPRISE** of the league has been Las Lomas, which recently pulled an upset win over the Albany Cougars, 13-12.

Tonight finds the Dons hosting the Diablo Devils, and, on paper, the Devils figure to win.

The Dons, now in experienced personnel, have had their troubles and hardly figure to be at their best for this one, with a flock of injured personnel on the sidelines.

Sitting this one out will be Gene Bell, Eric McKinley, Don Ong, Jon Palmer and Gary Gudnason, with injury problems, while Dave Baldwin will be out due to disciplinary action.

**THE DEVILS**, heavy and fast,

feature a single wing and T attack that have given them a win, a loss and a draw in practice tilts.

The Dons have two losses and a tie to date.

**LAS LOMAS** and Pleasant Hill have at it with the Concord field the scene of action.

The Walnut Creek eleven has come fast, and with their ace backs, Rick Ostrom and Bob Kinyon, running in high gear, figures to cop the win.

In games to date, the Las Lomas Knights have two wins and a lone loss, while the Rams have as yet to win, with three losses to date.

Eig hope of the Rams is Halfback Jim McMillan, who has been the team standout.

**OVER ANTIOCH** way, Pittsburg and Antioch tangle under the Paper City lights, and it looks like a Pitt win. Pittsburg has a veteran club with a flock of fast and elusive backs who have reaped up three wins in a row over Monterey, San Lorenzo and Manteca.

Antioch has a big gun in Carl Maxwell, high-scoring halfback, but it is doubtful if he can offset the high-riding Pirate machine.

In the second half, Alhambra scored twice.

A 31-yard pass and run from Rose to Tourville placed the Cougars on the 3, from where Fullback Andy Camarata plunged over to score.

**IN THE FINAL** quarter, Rose passed again to Tourville, who took a 30-yard aerial and went the remaining 15 yards on his own.

The Dons, definitely off their feed, failed to live up to their defensive play of the Tracy game.

The Alhambra eleven was hungry for the win, with a display of hard blocking, tackling and running that resulted in the lopsided win.

**THE DONS MUFFED** several scoring opportunities with fumbles, particularly on aerial tosses from the arm of Red Jones to men out in the clear.

Andy Fadelli, center, and Jeff Wahl, halfback, were standouts for the Dons with their defensive play.

**CHECK THOSE LIGHTS**

When driving at night be sure those rear lights are burning, advises the National Automobile Club. Blinded by glare of oncoming headlights, drivers find it difficult to see a car ahead unless the warning red lights are burning brightly.

## Bulldogs Nip Acalanes Dons In 31-0 Shutout

The Acalanes Dons found the going heavy and rough last Friday night when they were rudely set down 31-0 by the Alhambra Bulldogs at Martinez.

The Bulldogs struck through the air and on the ground.

The Dons found themselves in hot water in the opening minutes, when the Alhambra eleven, playing on its home field, gave the home crowd something to yell about — on the third play of the game, Charles Tourville, a swiftly at left half, broke up the middle on a trap play and rambled unopposed to the goal line 67 yards away.

Alhambra's conversion try failed, and it was 6-0, which soon became 12-0 when the Dons fumbled the ensuing kickoff and Tourville scored from 5 yards out.

**THE DONS** came back with a screen pass that almost went all the way, then lost the ball when they were forced to punt, and Tourville got back in the act with a 35-yard scoring pass and run for a T.D. from Quarterback Jim Rose.

The Dons came back on their own when Halfback Mike Barrett ripped off 60 yards on a kickoff return, and from there the Dons went to the one, with the game ending the half before another play could get under way.

In the second half, Alhambra scored twice.

A 31-yard pass and run from Rose to Tourville placed the Cougars on the 3, from where Fullback Andy Camarata plunged over to score.

**IN THE FINAL** quarter, Rose passed again to Tourville, who took a 30-yard aerial and went the remaining 15 yards on his own.

The Dons, definitely off their feed, failed to live up to their defensive play of the Tracy game.

The Alhambra eleven was hungry for the win, with a display of hard blocking, tackling and running that resulted in the lopsided win.

## Oakland Ball Club's Publicity Staff Flopped Badly on Don Ferrarese Night

By ERWIN MATTSON

I RECENTLY WROTE REGARDING the Don Ferrarese night at the Oakland Baseball Park, and one of my statements was to the effect that it was a successful affair and that everything went off in good style.

The statement still holds as far as the local area is concerned, but must be modified considerably as far as the Oakland Baseball Club is concerned.

I have met "Brick" Laws, owner of the Oaks, on several occasions, formally and informally, and have always found him a gentleman and true sportsman, and I have a great deal of admiration for him personally.

**I WISH I COULD** say the same for his publicity and public relations department, which did nothing to help out on Don's night.

The public relations department was either non-existent or very negligent. Its promises were many — but fulfillment was nil.

The affair wasn't even announced on the radio or in the metropolitan papers of the Bay Area, all of which had been promised beforehand.

**NO ARRANGEMENTS** were made the night of the game.

Certainly Charley Dessen could have used Don as a pinch hitter, as everyone but Don and a few others got into the game.

The whole point is that Pacific Coast baseball is having its troubles — and small wonder, when such little effort is made to gain favor with the public, which, after all, makes or breaks the game by its attendance.

I feel sure that Laws was not personally responsible, but it is high time that he checks into those who supposedly are.

**FOOTBALL TIME** rolls on an, and after tonight the season will be half over for the preps.

Tonight's games, believe it or not are the halfway mark in the not-so-old prep pigskin season.

The high school clubs play eight games—three practice and five league.

**THAT MEANS THAT** the preps have but 12 actual days of hard practice left for the remainder of the season.

Thursdays are always easy-going days, largely devoted to chalk talks, signal drills and pre-game instructions, with little or no contact work.

In fact, many Thursday workouts are in gym or sweat clothes, as far as gear is concerned.

It is hard to realize that only 12 days of practice remain and how much must be absorbed in the brief time available.

Allowing two hours to a workout (which is nearer one and a half hours on an average), it means 24 hours maximum to maintain condition and skills and also attain a resemblance, to perfection, in new drills and play performance.

Fortunately, youth, for the most part, is like a blotter, and that facilitates the learning process.

**FOOTBALL** is a game that is a lot of work or fun, depending on an individual's state of mind.

To those who like it, there is no substitute. Certain individuals desire and crave body contact sports. To them football is THE game.

In fact, it is becoming the great American game.

The youth of America need contact sports more than ever before. We need to use our body muscles more in this age of mechanization than at any previous time in history.

Football's values are many, mentally and physically. It makes men out of boys and plays an important part in our lives.

**MANY CAN MEASURE** only the negative side and close their eyes to the positive values.

True, it's a hard and rough game and there is an element of danger. But what in life doesn't have an element of danger present? Just walking across the main street in Lafayette is far more dangerous than any football game!

If you really want to parlay the odds, as far as danger is concerned, just get in one of those four-wheeled rigs known as automobiles.

Many won't let their sons play football but get them a "hot rod" instead—and pay a higher premium on insurance because the risk is so great.

## 'University of Scouting' Starts Monday

Cubmasters and scoutmasters, den mothers - and assistants, advisers, commissioners and committee members will be enrolled in a "University of Scouting" next week at three centers in Mt. Diablo Council.

Beginning Monday evening at Acaalans High School, classes will begin for each of the above groups at 7:30. Instructions are as follows:

CUB SCOUT LEADERS' Course - Ralph Andre, cubmaster Pack 209 of Pleasant Hill; troop leaders' course - Ward Waite, leadership training chairman for Meridian District; den mothers' workshop, Mrs. Ethel Lopez, Concord; commissioners' basic - Bob Read, executive board member; unit committeemen - T. C. Wilson of Lafayette.

Courses will be conducted simultaneously on Wednesday evening at Pittsburg Junior High School and at Cerrito High School, according to Bruce Zimmerman, council leader and training committee chairman.

"The classes will meet once each week for approximately six weeks," Zimmerman stated.

"The 'University of Scouting,' a new venture for Mt. Diablo Council, is in response to the demand for trained leaders for the many new Cub packs, Boy Scout troops and Explorer units - as well as for normal replacement of leaders who for some reason or other must give up their positions.

A recent ruling of the executive board requires each new leader to complete basic training for his position within the first year in which he is in charge of the unit. At the beginning of the school year, many changes occur in leadership, and it is expected that a majority of these leaders will be enrolled in the courses offered at this time.

## Candidates for Sheriff's Office Speak to Women

News of the recent National Convention of the Federation of Republican Women in Los Angeles and speeches by the two candidates for sheriff were main events of the Lafayette Republican Women's Club meeting last week.

The coffee meeting was held at the home of Mrs. William Freeman, 3905 Happy Valley Road, Mrs. Vad Jelson, club president, presided.

Mrs. Sumner McAllister, California vice-president of the federation and a member of the local club, spoke of the Eisenhower Rally at the Hollywood Bowl, which climaxed the convention.

She also told of her breakfast meeting with President Eisenhower on the following morning, which other prominent Republicans in California attended. At this time the President told them that in order for him to complete his program, it is essential that a Republican congress be elected this November.

"For a political party in our nation to be held clearly accountable to the people, it is essential that that party control both the executive and legislative branches of the government," the President said.

MRS. GLADYS PENLAN, California Northern Division president, told the Lafayette club members: "Women must see that we continue to have good government and have the better congressional representation."

Going into further detail she said: "Our schools were not as good before as they have been since the PTA was established. We must show women that it is a privilege to work for good government."

Harry Brown and Byron (Dick) Richardson were introduced by program chairman and hostess Mrs. Freeman.

Brown, the first to speak, told of his record as a law enforcement officer and of his past experience. He stated that, "I have made no political commitments to anyone. If elected, I will carry out my duties as sheriff honestly and efficiently and to the best of my personal ability."

"My wife and I are amateurs when it comes to politics. I don't know how to campaign as well as I should. But I do know I am qualified to hold the office of sheriff."

RICHARDSON, THE OTHER candidate, stated that he will work strenuously to combat juvenile problems in the Contra Costa area, and will work for a vigorous juvenile program.

"The so-called machine is non-existent," Richardson stated.

"The slurring statements made about me in your local paper (referring to THE SUN) are untrue," he added.

"The people of the Lafayette Fire District are very fortunate and should be very thankful they have a department that is so well equipped and trained and have the men in it with the courage to do their duty so well."

"At the fire, I asked who carried Mr. and Mrs. Baldry out, and received the stock answer, 'some of the boys.' It was just routine work to our crew."

"CONGRATULATIONS TO YOUR whole crew, Mrs. Penlan, and particularly to Winkler and Armanino."

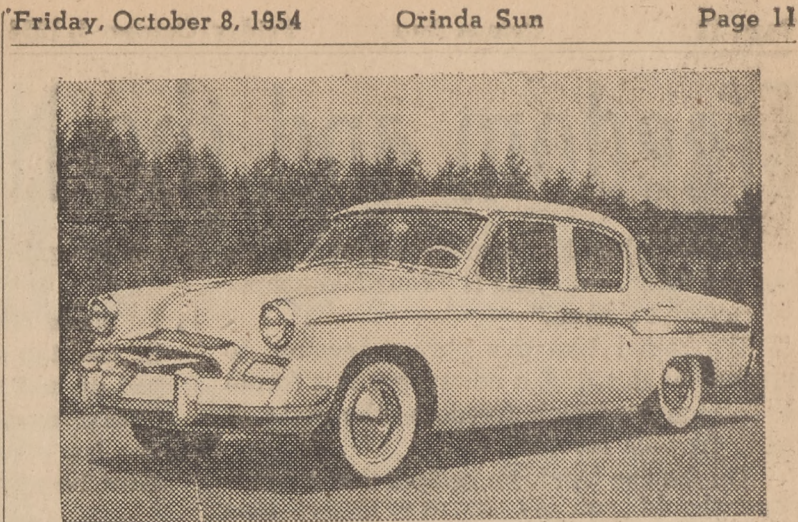

Spencer had reference to Second Assistant Chief Bob Winkler and Lieut. Eddie Armanino, who pulled the couple from their burning home, which burst into flames early on the morning of September 8.

Commissioner Gleason also presented the Conservation award to all scouts who attended the Conservation Camporee at Mt. Diablo on October 2 and 3.

Cy Turner, district commissioner, and Art Meyer, commissioner from San Francisco, were present as well as a number of scouts from Troop 23 of Berkeley.

## Local Firemen Lauded for Work In Baldry Fire

Lafayette Fire Chief Shirley Peakes and his staff of firemen were praised this week by T. C. Spencer of 3557 Boyer Circle, an eye-witness to the fine job accomplished by the local department in its recent rescue of Mr. and Mrs. George Baldry from their blazing home at 3545 Boyer Circle.

In a letter to the fire chief and his staff, Spencer said: "Ever since the night of the tragic Baldry fire, I have been wanting to express my appreciation to you and your crew for the excellent and courageous work in not only saving two lives, but in so efficiently controlling a bad fire."

"I KNOW HOW HOT that fire was. It not only took real courage for your men to go into that house, but they also had to be well trained and have the very best of equipment. Two lives were saved, whereas, in my humble opinion as a layman, the fire was too hot and it would have been impossible that they could still be alive."

"The people of the Lafayette Fire District are very fortunate and should be very thankful they have a department that is so well equipped and trained and have the men in it with the courage to do their duty so well."

"At the fire, I asked who carried Mr. and Mrs. Baldry out, and received the stock answer, 'some of the boys.' It was just routine work to our crew."

"CONGRATULATIONS TO YOUR whole crew, Mrs. Peakes, and particularly to Winkler and Armanino."
